

EUGENIA BONE is a nationally known food journalist and author. Her work has appeared in many magazines and newspapers, including *Saveur*, *Food & Wine*, *Gourmet*, *Fine Dining*, *Martha Stewart Living*, *Sunset*, *The New York Times*, *The Wall Street Journal*, and *The Denver Post*.

She is the author of five books. *At Mesa's Edge* was nominated for a Colorado Book Award. She wrote *Italian Family Dining* with her father, celebrated chef Edward Giobbi. *Well-Preserved* was nominated for a James Beard award, and was on many best cookbooks of 2009 lists. *Mycophilia: Revelations From the Weird World of Mushrooms*, was on Amazon's best science books of 2011 list and nominated for a Council on Botanical and Horticultural Libraries award. Her fifth book, *The Kitchen Ecosystem* (October, 2014) has been nominated for a Books for a Better Life award, and was on many best cookbooks of 2014 lists.

Her writing and recipes have been anthologized in a number of publications, including *Best Food Writing*, *Saveur Cooks*, and *The Food & Wine Cookbook*, among others.

Eugenia has lectured widely, in venues like the Denver Botanical Garden and the New York Public Library, judged food and wine competitions, and she has appeared on television and radio many times.

She is the founder of Slow Food Western Slope in Colorado and the president of the New York Mycological Society, which was founded 50 years ago by composer John Cage.

She writes the blog, kitchenecosystem.com

Eugenia lives in New York City and Western Colorado
